I tried to save them and then open them using .pdf as the e-mail indicated but can't seem to open them, are you able to open them in .pdf? If so, could you save them in .pdf and e-mail them to me in that format by chance?

Thanks -

We will also be delivering all of the hard copies to you today. Do we need to be put on a list or will someone meet us at the front gate when we come by to deliver these transcripts? What is the best way for us to get these to you?

If you need anything else please just ask.

Mr. Willits,

We are still working on the transcription, I understand that it has been completed and has been mailed to our office. Once we receive it we'll begin reviewing the records to make a release determination as expeditiously as possible. I am not sure how many pages this entails and am also completely without staff at this time multiple actions ongoing so I am unable to speculate as to a response time as of yet.

Ms. Nikolaisen,

I was pleased with the eventual reception of this important document and the response by the SAF. Thank you for your attention in this matter.

I have yet to receive the 440 minutes of transcribed testimony from the Aug 2006 CDI initiated by MG Allen Dehnert. (b) (6) (with the Governor's office) has been working to address this open records request. The Texas Adjutant General's Department was sent a certified letter addressing the same.

Having received a copy of the 440 minutes of testimony via a CD from the TAG's Department, what is the position of your office and that of the NGB in order to receive a copy of this testimony under this FOIA request?

I respectfully request an update as I submit the details and experience of this open record request to the SAF, Texas Legislature, members of Congress and wish to provide as much information as possible. Please remember, it is due to my congressman, and according to his office that the House Armed Services Committee assisted me in receiving the Report of Investigation (8 pages) after years of waiting despite repeated requests.

I look forward to hearing from you. (b) (6) has been cc'd on this email in order to coordinate information and efforts regarding this important request more effectively. Thank you once again.

Respectfully,

Good morning -

We had the ANG LSO staff here this weekend so I asked them to listen to the CD and provide us a list of the names of people interviewed and dates of the interview to determine if these records go to the 2006 CDI he is requesting, or whether they are the audio files from the 2007 CDI (previously transcribed).

Based on the list they provided me, the audio does appear to be from the CDI he is requesting so the audio files unfortunately will still need to be either redacted with some form of audio equipment for release, or transcribed so they can be redacted using electronic software.

I have also attached the 2007 CDI Interviewee Listing for reference, as this is the one that Integrity Legal Support Services did the transcription on for each interviewee, which includes the transcription provided earlier this month on (b) (6) testimony.

Dear Mr. Willits,

While reviewing records located by the Texas Air National Guard that were responsive to your FOIA Appeal (#2010-00107-A), there were 5 pages that originated from the Inspector General office. As such, we have referred those pages to the Air Force Inspector General for review and direct response to you.

Their FOIA Office contact information is as follows:

HAF/IMII  
1000 Air Force Pentagon  
Washington, DC 20330-1000

We mailed an interim response to you on Friday for this request which indicates within the pages provided that these pages were referred in mid-September; however, we neglected to process the referral action until today. We are still awaiting transcription of the testimony which we hope to receive by the end of this month.

If you have any questions on this matter, please contact my office at [FOIA@ng.army.mil](mailto:FOIA@ng.army.mil).

RE: FOIA request # 2009-04170-F (FOIA Appeal)

9 April 2010

(b) (6) and Ms. Nikolaisen,

Since you communicated directly to Congressman Ted Poe, protocol required further requests regarding National Guard Bureau's (NGB) release of (b) (6) Commander Directed Investigation (CDI) as directed by MG Allen Dehnert Aug 06 would have come from his staff. We have received correspondence from Congressman Poe stating any further requests regarding this issue would need to come directly from myself.

In order to accomplish this please accept this correspondence as my formal appeal and request for the following information. Since Aug 06, numerous requests have been made to Texas Air National Guard (TXANG) and NGB for a complete copy of (b) (6) CDI. After nearly three years of requests, both verbal and written, the NGB releases (b) (6) Report of Investigation (ROI) to Congressman Ted Poe only, and not the entire CDI as was requested.

Please accept this as another FOIA request for the following:

- MG Dehnert's letter (4 Aug 06) detailing (b) (6) as IO. This is requested in order to determine the areas Col Allen was to investigate.
- Transcripts of Witnesses, Complainant and Subject. These documents are requested in order to determine areas investigated, questions asked, and answers provided by Col Horn (subject of complaint), six witnesses, and myself. (b) (6) taped all interviews.
- Legal Review of (b) (6) findings.
- Exhibits provided by all individuals questioned.
- Any other existing portions of CDI, minus the eight pages provided to Congressman Poe.

Should your staff be unable to release the above mentioned documents, due to inability to locate or lack of existence, please provide in writing with as much specificity to each area requested. Should these documents exist, yet NGB declines to release them, I request this too be put in writing.

I am aware, after viewing other TXANG CDI FOIA requests, that the above documents are included in a release of a complete CDI and not just the ROI alone; as was in my case.

The purpose of this correspondence is not just a data request, but an ongoing effort to gather supporting documentation to correct errors and injustices. Should there be any questions, you may reach me at the address below or via email at (b) (6) I look forward to receiving your response.

Very Respectfully,

(b) (6)

Marty Willits

This is a time sensitive request. We would appreciate the documents requested be provided no later than 1 May 2010. As you are aware, this request is in excess of 80 months.

FOIA Request # 2009-04170-F

NATIONAL GUARD BUREAU  
1411 JEFFERSON DAVIS HIGHWAY  
ARLINGTON VA 22202-3231

January 26, 2010

Office of the Chief Counsel

The Honorable Congressman Ted Poe  
United States House of Representatives  
Humble District Office  
20202 U.S. Highway 59 North  
Suite 105  
Humble, Texas 77338

Dear Congressman Poe:

This letter is in response to your Freedom of Information Act (FOIA) request dated November 6, 2008 for records on the Commander Directed Investigation conducted in 2007 in regards to an equal opportunity/inspector general complaint submitted by your constituent, Mr. Marty Willits (FOIA #2009-04170-F).

This office has finalized your request and the records you have requested are being granted in part at no cost. A search by the Air Force Inspector General's Office in October, 2009 revealed an 8 page record responsive to this request which was forwarded to the Texas Air National Guard and our office for review and release. After a thorough review of this record, I have determined that portions of them are exempt from disclosure under the FOIA, 5 U.S.C. § 552 (b)(6). We are releasing a total of 8 pages, 6 pages are being released in part and 2 pages are being released in their entirety.

Exemption (b)(6) protects personnel, medical, and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy. Under this exemption, we are withholding names of Department of Defense personnel below the title of Commander/Director.

If you are not satisfied with this action, you may appeal to the appellate authority, the Secretary of the Air Force within 60 days from the date of this letter. Your appeal should include copies of your original request and this response, as well as a discussion of the reasons supporting your appeal. The envelope should be plainly marked to indicate that it contains a Freedom of Information Act appeal. If you decide to appeal, please send your appeal to:

Office of Information and Privacy (NGB/JA-OIP)  
1411 Jefferson Davis Highway, Suite 11300  
Arlington, Virginia 22202-3231

If you have any questions regarding this request, please contact Ms. Jennifer Nikolaisen, NGB FOIA Officer, at (703) 607-3195.

Sincerely,

Hi Anh -

We have a request that is at the top of our queue that is audio files (400 minutes), that we cannot release in their entirety due to the mention of names of third parties, social security numbers, and possibly other information that would invade the privacy of others. We have been unable to locate anyone to do a transcription to paper of these records, or software to redact. Do you have any recommendations for us? This is a FOIA appeal we've had since 12 Apr 10 and is requested by Mr. Marty Willits.

You may recall we (b)(5), (b)(6) and it resulted in some records being found by AF/IG and then transferred to the TX/IG for us to respond to a FOIA request. He has now appealed the adequacy of that search which resulted in the TX Air TAG office finding the audio files that were used in the CDI. (b)(5), which were never transcribed, the only thing we have are chicken scratch notes from the investigating officer including statements that say things like "full audio file recording is available."

Any assistance or advice on how we could proceed to get this closed out would be greatly appreciated. Thanks!

As we discussed, (b) (6) contacted (b) (6) and (b) (6), and (b) (6) has contacted (b) (6) (Bolling & Andrews JA Offices) in attempts to find someone to transcribe approx 400 minutes of audio to allow for redacting a FOIA request to no avail.

This is a FOIA request for records that originated from TX ANG and in order for them to make release recommendations they would need to transcribe the records and provide them to us, but they haven't been successful in locating anyone to do the transcription either. (b) (5)

(b) (5) and it is at position #5 in our queue so any assistance in locating somewhere we could have these transcribed, or alternatively, software for someone to redact out all mentions of names and social security numbers, or other personal information, would be great.

Thanks!

At this time, I am unable to give an estimated completion date of this request as we have been unable to successfully locate any office that is able to perform transcription of an estimated 400 minutes of testimony. We are still trying to locate a legal office that has a court reporter that is available to, as a courtesy, perform transcription, rather than do a full denial to you of the testimony. If you want to modify your request so that you are not requesting the recorded transcripts then we can send what we have in for a legal review and have a release within 2-3 weeks; otherwise, my office is at the mercy of awaiting responses from several other legal offices in the DC area that we have asked for assistance from and continuing to seek a way to get the information transcribed.

Good afternoon (b) (6) -

We have a FOIA request that includes audio files of witness statements from TX that we are looking to get transcribed. We had initially asked TX if they could transcribe them but they have found they have no capability to transcribe from a CD and I understand you have several contacts at Bolling and Andrews legal offices and wondered if you might be able to contact them to see if they would have the capability (and willingness) to help us out.

We have a total of about 400 minutes worth of recordings that we'd need to get transcribed. Any advice or recommendations on how we could go about this would be greatly appreciated.

Thanks in advance -

Mr. Willits,

The paper documents located by the TX JFHQ ATAG Office for request #2010-00107-A have been sent to our office but we were also informed there is audio records of the witness testimonies. As we do not have capability to redact audio recordings we have, as a courtesy, asked for those records to be transcribed in order to make a release determination. I am awaiting an estimated completion date from the Texas Judge Advocate office on their availability of a court reporter to perform this transcription and can give a more accurate completion date once they are transcribed and we have an idea of the volume of records that require review.

I would anticipate a response by August 15, 2010 for request FOIA #2010-04177-F. We are awaiting additional records searches by the ANG/A1 directorate to ensure a thorough search before issuing any no records responses; however, I will be out of the office until the end of the month and they have advised they need another week to search for records.

For the EO office, they should have contacted you directly but you may also get in touch with them for your records. Privacy Act requests do not generally receive tracking numbers (though their office may provide numbers for requests they get) and the Privacy Act does not provide a specific timeframe for response to requests; however, the Department of Defense and Air Force recommend responses not take more than 30 days.

Mr. Willits,

With regards to your questions on your FOIA inquiry #2010-00107-A below, the records you are seeking are Federal records, specifically they are records belonging to the Air National Guard, so they are being processed under the FOIA rather than the Texas Public Information Act.

In addition, the Air National Guard FOIA program was centralized over a year ago so my office is the only office designated to receive FOIA requests. Requests sent elsewhere will not be considered "received by the agency" until they are received by my office.

With regards to your third request regarding the 15-6 investigations, Texas provided you with an initial response that they had no record of the MG Dehnert investigation and sent only your request for the investigation by MG Rodriguez to our office sometime in 2008. As we explained in our FOIA response, the only existing copy of the investigation by MG Dehnert was in the Air Force Inspector General (IG) office, as they are required to receive a courtesy copy of all investigations that are completed. The records you received in your initial request (#2009-04170-F) were a result of obtaining a copy of the record set they had on file to provide to you.

We are in the process of conducting a secondary search for records from the Texas Adjutant General's department to see if they are able to locate the additional portions of the investigation.

Ms. Nikolaisen,

Thank you for your responses regarding my FOIA requests.

1. FOIA 2010-00107-A:

The attached two letters will assist you in locating the documents requested under the above FOIA case number. The letter attached dated 8 Dec 08 states you are providing part 2 of a FOIA case number "#08-072" to my attorney, (b) (6), requested on 14 Mar 08. By locating case number 08-072 the documents requested under part 1 will assist you in supplying this FOIA submitted in 2010, over 2 years after my initial request.

Please note in the attachment dated 14 Mar 08 it was my understanding that the IO's investigation had been completed in Feb 07 per MG Dehnert's one paragraph letter that his investigation was completed. It was not until receiving (b) (6) letter with (b) (6) ROI attached that I learned the investigation had been concluded 1 Nov 06 while I was still on active duty.

Per CWO Brite's letter, 14 Jun 10, she cites Air National Guard FOIA Policy (30 Mar 09) as the basis for this request being processed by NGB/JA-FOIA. As all requests for documents regarding MG Dehnert's Aug 06 CDI (IO (b) (6)) were made prior to 15 Mar 08, why is this an FOIA request instead of it being processed as a Texas Public Information Act (TPIA) request?

Please contact CWO Brite to determine the results and the office of responsibility for the 2008 open records request that is now FOIA 2010-00107-A. Additionally, why were the documents requested under part 1 (MG Dehnert CDI-06) not processed and released simultaneously with the documents in part 2 (MG Rodriguez CDI-07)?

The 147th RW/CC phone number is 281-929-2222. The TXANG HQ phone number is 512-782-5193.

Please let me know if you have any questions. I look forward to your response.

Sir,

We have received a FOIA appeal from Mr. Marty Willits (FOIA #2010-00107-A) appealing the adequacy of an initial search for records of a CDI initiated by MG Dehnert in August 2006. A previous search by the TX ANG yielded no responsive records; however, we were able to track down a copy of some records from the AF/IG that had been provided to them by the TX/IG at some point in 2006. Those records were provided to (b) (6) and he subsequently sent them to my office for release to the requestor (that final response is attached).

Mr. Willits is appealing the adequacy of the search, indicating that the entire CDI was not provided to him. Specifically he indicates the following additional documents are missing and he would like an additional search conducted for these records:

- 1) MG Dehnert's letter of 4 Aug 06 detailing (b) (6) as the IO
- 2) Transcripts of Witnesses, Complainant, and Subject
- 3) Legal Review of (b) (6) findings
- 4) Exhibits provided by all individuals questioned
- 5) All other existing portions of the CDI, minus the eight pages provided to Congressman Poe

I spoke with (b) (6) who referred me to you (below) to have a search conducted of the ATAG files for responsive records. Please have the Office of the ATAG (formerly Maj Gen Dehner's office) conduct a search for any and all records of a "Commander Directed Investigation into allegations that Col Horn abused his authority for (b) (6)" to include a search for the records listed above.

I believe the investigating officer was likely appointed around Aug-Oct 2006 (based on the records provided previously). If additional records are found, please forward those to my office, or if no records are found in the search, please have the attached "no records certification" completed and returned to my office so we may forward to the Sec/AF Appeals Office.

Thanks in advance for your assistance on this matter -

Dear Mr. Willits:

This letter is to acknowledge receipt of your Freedom of Information Act Appeal of FOIA #2009-04170-F dated April 9, 2010 for additional records in response to the Report of Investigation (ROI) by (b) (6).

Specifically, you are requesting the appointment letter, transcripts of witnesses, taped interviews, legal review, exhibits provided by individuals, and any other existing portions of the ROI, minus the 8 pages previously provided to you through your Congressman. Your request was received in our office on April 12, 2010 and assigned case #2010-00107-A.

We will have a secondary search for responsive records conducted by the Texas Air National Guard and, if no additional records are found, will forward your appeal to the appellate authority and notify you of the referral and their contact information at that time. We anticipate the referral to be completed by May 30, 2010 as a preliminary estimate only. All communications concerning this request should be identified with the above reference number and addressed to the address shown below.

If you have questions regarding your request, please contact me at (703) 607-3195 or by e-mail, [FOIA@ng.army.mil](mailto:FOIA@ng.army.mil).

Good morning (b) (6) -

My office has received an appeal to the adequacy of the record search for FOIA #2010-04177-F. As you recall (below) the search you conducted for records resulted in no records; however, the AF/IG provided you a copy of the record in their file; however, the requestor feels the file is incomplete as it does not contain a transcript of witnesses, legal review and other materials that would normally be a part of a CDI.

I do not have a ANG FOIA Manager for the TX JFHQ (only for Army Guard), so I am sending to (b) (6) who assisted in this previously, as well as to (b) (6) at the 147 to conduct a new search for additional records that would belong to this CDI and, if no records exist, provide a signed no records certification (sample attached) so we can forward the appeal up to AF for processing.

I am also attaching a copy of the original FOIA request as well as the records released in response to the original request for your reference.

Thanks in advance -  
Jenny

11) Names or numbers of all Air Guard Reservist (AGR), Title 32 members since 1997 who were non-retained having reached 20 years combined service (Active Duty and Traditional Guard service), however had not reached 20 years Total Active Federal Military Service and who were within 12 months of reaching sanctuary (18 years of service)

Your request has been assigned case #2010-04177-F. Please be advised, all requests for records that are Air National Guard must come only to our office, any other offices are not required to act upon requests made under the FOIA so your request made to Texas was properly routed to our office on April 23, 2010.

As a preliminary matter, please also be advised that the Department of Defense policy prohibits the release of lists of names of our agency personnel to members of the public, a policy that has been upheld numerous times in court proceedings under FOIA. Because of the volume of records being searched for, it is likely that the search time will exceed 2 hours and there will be a requirement to pay fees, even if the records are denied in their entirety due to the DoD Policy, or if no records are found.

As a preliminary estimate only, we do not anticipate completion of the request until around July 30, 2010; however, if you would like to modify or amend your request to allow for a more timely processing please contact my office for modification. If you have any questions regarding your request, please contact my office at (703) 607-3195.

RE: FOIA request # 2009-04170-F (FOIA Appeal)

9 April 2010

(b) (6) and Ms. Nikolaisen,

Since you communicated directly to Congressman Ted Poe, protocol required further requests regarding National Guard Bureau's (NGB) release of (b) (6) Commander Directed Investigation (CDI) as directed by MG Allen Dehnert Aug 06 would have come from his staff. We have received correspondence from Congressman Poe stating any further requests regarding this issue would need to come directly from myself.

In order to accomplish this please accept this correspondence as my formal appeal and request for the following information. Since Aug 06, numerous requests have been made to Texas Air National Guard (TXANG) and NGB for a complete copy of (b) (6) CDI. After nearly three years of requests, both verbal and written, the NGB releases (b) (6) Report of Investigation (ROI) to Congressman Ted Poe only, and not the entire CDI as was requested.

Please accept this as another FOIA request for the following:

- MG Dehnert's letter (4 Aug 06) detailing (b) (6) as IO. This is requested in order to determine the areas (b) (6) was to investigate.
- Transcripts of Witnesses, Complainant and Subject. These documents are requested in order to determine areas investigated, questions asked, and answers provided by Col Horn (subject of complaint), six witnesses, and myself. (b) (6) taped all interviews.
- Legal Review of (b) (6) findings.
- Exhibits provided by all individuals questioned.
- Any other existing portions of CDI, minus the eight pages provided to Congressman Poe.

Should your staff be unable to release the above mentioned documents, due to inability to locate or lack of existence, please provide in writing with as much specificity to each area requested. Should these documents exist, yet NGB declines to release them, I request this too be put in writing.

I am aware, after viewing other TXANG CDI FOIA requests, that the above documents are included in a release of a complete CDI and not just the ROI alone; as was in my case.

The purpose of this correspondence is not just a data request, but an ongoing effort to gather supporting documentation to correct errors and injustices. Should there be any questions, you may reach me at the address below or via email at (b) (6). I look forward to receiving your response.

Very Respectfully,

Marty Willits

The attached file is a consolidation of all the records received by A1. For ease in review of any future ones, they should consolidate their files into one .pdf before they come to us -- I am unclear on what the order for the records should be so I just put them all together, but some records seem to be draft (i.e. SSS that don't have signatures, etc.). Recommend A1 search to validate whether the signed SSS exists and replace the "Word" version which doesn't show coordination with the "Final" version signed (if it was in fact routed).

A1 will also need to go through the documents and indicate what portions of the records they recommend non-disclosure of and mark them with the appropriate FOIA exemptions. If they want to use Adobe Pro (recommended), instructions for redacting are on our GKO FOIA site. Otherwise, they can print the documents and highlight the portions they are recommending be exempt using a green highlighter (we have a special scanner that will take green highlighted information and turn it into black on the computer screen for release to the requestor), and mark the FOIA exemption next to the part being highlighted (i.e. if it is a name being highlighted write (b)(6) next to or above the information).

The OPR then needs to do a cover letter back to us justifying their recommended withholding exemptions (a sample for them to use is attached).

Please have them complete this within the next week so we can get this closed out. Thanks!

Jenny

Do all files get released as is, or does someone review them prior to release?

We were provided a sleuth of records from both A1 and A3 but we need one consolidated answer representing all of the ANGRC and the records need to be reviewed to remove any duplicate/extraneous material and all information exempt from release must be marked - either using Adobe Pro or using a green highlighter.

The requestor has been very adamant in asking for updates on his records, this is currently request #2 in our queue but we cannot take action until we have a product that is ready to send in for a legal review and we were given so many files and unsure what records go in what order, unsure what the release recommendations are, etc. that we can't proceed until we have that.

Good morning (b) (6) -

Our records indicate this request is now 77 days overdue. Do you have an estimated completion date when the centralized final response on behalf of the ANGRC/CC will be finalized? As I recall we got multiple records from multiple sources but the OPRs did not remove duplicate material nor make any disclosure recommendations as required.

Thanks in advance -

Good afternoon -

Did you send all your files to (b) (6) as well? Her office will work with A1 to consolidate everything together, I have received about 12 e-mails and a sleuth of files on this and am not sure what may be duplicate, what order it should be in, etc. but need actually just one consolidated response representing all of the ANGRC to include the documents from A1. In addition, the documents need to be marked indicating information they believe should be exempt under FOIA along with the appropriate FOIA exemption and harm justification.

Let me know if I should forward these files to (b) (6) or if you already provided them to her for the consolidated response.

Attached is another new request, I showed that I tasked this to A3 but I can't find the e-mail on it nor any response from them, but it looks like A1 and A3 both need to be tasked to search for records on this one.

Good morning (b) (6) -

We have been advised by J3 that J1 may possibly have records responsive to the attached FOIA request (we have tasked the A1/A3 separately through their liaison).

Would you be able to have someone within your directorate conduct a search for any records responsive to the attached request and provide them to our office, along with any release recommendations? We have had this request for awhile going back and forth between offices and as we are way past the statutory time limit for response we ask for a search to be completed by Friday in order to for us to get a response out to the requestor.

Thanks in advance -

Good afternoon -

I e-mailed both Ad Law and Ops Law on 25 Jun and 9 Aug for a record search but have not yet received responses; however, I have received a small amount (5 files) from (b) (6). Please review the attached request (#2010-05422-F) and conduct a thorough search through both electronic and paper files, to include hard drives, e-mail accounts, .pst files, etc. to determine if any records exist within your respective sections.

If no records are found, please complete the attached "no records certification" and provide that to my office so I can have it for the case file. If records are found, please use the FOIA Exemptions worksheet to analyze whether any of the records located are exempt from release and provide your recommendations, along with the records, to my office (electronic is preferred) and complete the DD 2086 to account for time spent conducting a search as well as review of the records.

We had given the requestor an estimated completion date of 31 Aug on this so your prompt attention to this (3rd request for a record search) would be greatly appreciated.

Thanks in advance -

Jenny

Good afternoon Sir -

My office has received the attached Freedom of Information Act (FOIA) request from a law firm asking for all records related to the "2007 review of the ANG RC-26 Program" including communications from the ANG RC discussing Title 32 pilots being incorrectly classified as AGRs and subsequent transfer to Title 32 full time NG in Counter Drug and allowing them to continue to receive Aviation Continuation Pay (full request #2010-05422-F is attached). I believe the offices most likely to have responsive records to this would be A3 and the NGB/JA (Ad Law/Ops Law & (b) (6) at the RC).

My office is requesting that a search for records (to include both paper and electronic (e-mail or other) classified and unclassified records) be conducted and if records are located that they are provided to my office (on CD-ROM if they are a large volume), along with the attached DD 2086 completed to account for actual time spent conducting a search.

If no records are found, please complete a no records certification (sample attached) including the name of the person that conducted the search, keywords used to conduct any electronic search, and locations searched and return to my office for our administrative case file.

In addition, if you know of other offices outside of A3 and JA that would be likely to have responsive records please let me know. As the FOIA does allow us only a very short time frame in which to respond to requests (20 working days), we ask that your search be concluded by 6 Jul to allow us time to review the records for appropriate release determination. If there are specific portions of the records that are exempt from release under one of the 9 FOIA Exemptions (attached) please provide your release recommendations.

Thank you in advance for your time and efforts in this request and please don't hesitate to contact me if there are any questions on this matter.

We will go ahead and begin the processing of your request. You can request expedited processing using the procedures outlined in the Department of Defense Instruction 5400.7-R/AF Supplement; however, the request would be denied as you are not a media requestor seeking to disseminate urgent information to the public that would lose value if not quickly disseminated, nor does this information seem to affect the life/health/safety of an individual or provide loss of due process rights.

Mr. Scott A. Sinder  
Steptoe & Johnson, LLP

(b) (6)

Dear Mr. Sinder:

This letter is to acknowledge receipt of your Freedom of Information Act request dated June 10, 2010 for records on any and all records concerning or relating to the 2007 review of the RC-26 program conducted by the Office of the Under Secretary of Defense for Military Personnel Policy (DMPP) and the Office of the Assistant Secretary of the Air Force for Manpower and Reserve Affairs (AFMRA). Specifically, all records that relate to the 2007 review of the RC-26 program or the determination that AGR pilots should continue to receive ACP payments. Your request was received in our office on June 15, 2010 and assigned case #2010-05422-F.

In your request, you indicated that you would like to know the fees assessed prior to receiving the actual records. As a requestor in the commercial fee category, you will be responsible for all search, review, and reprographics time based on rates outlined on the Department of Defense Form 2086, Record of Freedom of Information Processing Cost (<http://www.dtic.mil/whs/directives/infomgt/forms/eforms/dd2086.pdf>). The search is estimated to be conducted by a person in the professional fee category which is chargeable at a rate of \$44.00 per hour. The review time will also be at the professional rate of \$44.00 per hour and the estimate of time it will take to review the records will be dependent upon the outcome of the record search.

In order for us to begin processing your request by conducting a record search, we must have a fee agreement in place as the fees are chargeable whether or not any records are found in the conducting of the record search. Please respond to this letter indicating whether you are willing to pay fees to begin a search for records, and the maximum amount that you are willing to pay.

We have placed your request on hold pending this fee agreement and will begin processing the request once we hear from your office. If we do not hear from you by June 30, 2010 we will presume you are no longer interested in your request and will consider the request withdrawn; however, this does not preclude you from making a request in the future.

Your request is currently at position #60 in our queue for processing and, as a preliminary estimate only, presuming the volume of documents located is less than 100 pages in volume, we would anticipate completion of your request by August 31, 2010 if a fee agreement is received by June 30, 2010; however, would make every effort to provide the responsive records as soon as possible. If the volume of records produced by a record search is larger than 100 pages, the completion date may vary based on the volume of other requests awaiting a voluminous records review.

If you have questions regarding your request, please contact me at (703) 607-3195 or by e-mail, [FOIA@ng.army.mil](mailto:FOIA@ng.army.mil).

Re: **FOIA Request Regarding the 2007 Review of the Air National Guard's RC-26 Program**

To the Freedom of Information Officer:

Pursuant to the provisions of the Freedom of Information Act (FOIA), Title 5 of the United States Code, section 552, and its implementing regulations, we hereby apply to receive copies of any and all records concerning or relating to the 2007 review of the RC-26 Program conducted by the Office of the Under Secretary of Defense for Military Personnel Policy (DMPP) and the Office of the Assistant Secretary of the Air Force for Manpower and Reserve Affairs (AFMRA).

Communications from the Air National Guard Readiness Center (see highlighted excerpt in Attachment 1) indicated that in early 2007, the DMPP and the AFMRA conducted a review of the RC-26 program, and determined that all Title 32 Active Guard Reserve (AGR) pilots in the RC-26 program were incorrectly classified as AGRs, and were subsequently transferred to Title 32 Full-Time National Guard Duty - Counter Drug (FTNGD-CD) status. On July 20, 2007, the National Guard Bureau determined that the AGR pilots who were moved to FTNGD-CD status would continue to receive Aviation Continuation Pay (ACP) (see highlighted excerpt in Attachment 2).

We hereby request copies of any records, legal opinions, memorandum, emails, or otherwise that relate to the 2007 review of the RC-26 program, or the determination that AGR pilots should continue to receive ACP payments.

I apologize for the late response, but I just received your email this weekend. I have not had access to my .mil email since my last drill weekend, which was October 16-17 (we did not have a UTA scheduled in November). For future communications, especially if it is time-sensitive, you can always reach me at my civilian email addresses, (b) (6) or (b) (6).

Regarding TSgt Duggan's specific request: there was only one CDI completed, which is the CDI conducted by (b) (6). (b) (6) was initially appointed to conduct a CDI, but retired before it was completed, and (b) (6) in the interim. Therefore, (b) (6) conducted the CDI (b) (6), and the matters which were to be investigated by (b) (6) were subsumed within (b) (6) investigation.

(b) (6) CDI report is not kept in a Federal system of records. It was conducted pursuant to the commander's inherent authority to investigate matters under his command, and was not conducted pursuant to any Federal statute, regulation or directive. The Commander, TXANG, Assistant Adjutant General-Air (a state employee appointed by the Governor) appointed (b) (6) (a member of the TXANG in T32 status) as IO to investigate certain matters and report back to him. Thus, there is no question that this CDI report is a state record and is not a Federal record.

Good afternoon -

Is there any existing legal opinion or written analysis that can be used to assist in determining when a record is federal v. State (or even a talking paper?) that you are aware of? Or would this be something more appropriate to come from the respective Air and Army Guard records managers?

As per the below, the TX Air JA (b) (5)
